## **DETAILED ACTION**

### ***Terminal Disclaimer***

The terminal disclaimer filed on 8/04/2008 disclaiming the terminal portion of any patent granted on this application has been reviewed and is accepted. The terminal disclaimer has been recorded. Therefore, Double patenting rejection over US Patent No. 6,908,721 has been overcome.

### ***Priority***

Certified Translation of Japanese Patent application No. 2002-310310 filed on October 24, 2002 has been provided by Applicant.

Foreign Priority as October 24, 2002 for instant Application No. 10/531,226 has been confirmed.

Thus, rejections ( see previous Office action mailed on March 4, 2008) based on Takashi et al. ( EP 1 336 635) or Takashi et al. (US 6,908,721) have been overcome, because cited references are not prior art to instant Application.

## **EXAMINER'S AMENDMENT**

Insert dot (.) at the end of Claim 4 (it is noted that Claim 4 does not have dot (.) at the end).

## **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance.

The closest references as Takashi et al. ( EP 1 336 635) or Takashi et al. (US 6,908,721) are the ones cited in previous Office action mailed on March 4,2008.

Since the instant application antedates those references, no rejection under any subsection of 35 USC 102 is possible. Moreover, since the applicant has filed proper Terminal Disclaimer the ODP rejection also has been overcome. For these reasons, subject matter claimed in Claims 1-5 and 6-40 are deemed to be patentable and the present application is passed to issue.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
